Family News

Kaelyn, Sherry, Ron and Charis Lapka September 2009

Two years have flown by and it's difficult to imagine we will be in Canada for a three month visit next fall 2010! Thanks to everyone for your prayers and support. We realize the sacrifices our supporters make to be a part of our ministry and we thank each and every one of you. May God bless you richly! We continue to experience daily adventures with God and grow personally and as a family. God has been challenging us to step out in new ways like sharing in church more in Spanish and small groups. It is a brain ache and takes a lot of preparation and at times, humility!!! We are so thankful that the local people are so gracious, patient and encouraging to us in this area. Some extra school closures due to H1N1 has meant a little extra time together as a family and we love this. Sherry volunteers with the Child Survival Program and anything she can. Ron has enjoyed seeing more unity initiatives happen between the local pastors. This is part of our vision and a pleasure to be a part of. We hope to see a lot more progress. It is also fun to see Charis do more public presentations in Spanish. Kealyn is still growing lots, and becoming more understandable in both languages. We are excited to have family come and visit for Christmas and the girls talk about it almost daily!

A Small Group Challenge?

There are three church families here in desperate need of housing. Your small group/church could build any of these houses (approximate cost is \$6,000/USD house) , Please contact us. Bless you.

Child Survival Program — Compassion International

Our local church here in El Salvador, has partnered with Compassion International to help serve the spiritual and practical needs of children and their families in two of our church areas. One of the newer programs is called “CSP” or the Child Survival Program. Using local mature Christians, provides pre-natal and postnatal support to at risk moms and babies up to the age of 3. It’s a lot like our “Health for two” programs in Edmonton with public health. This program encourages early childhood interventions prior to age 3 which we know is crucial to both health and spiritual development of children. This has been such an amazing thing to be a part of . To see babies being practically helped so they will have a good chance of survival, of developing well, attending school, affecting their communities and their entire country while learning about the love of Christ, is a real privilege. Moms then use what they’ve learned to help their families and future babies. What a wonderful program.! To read more, see the Compassion website at www.Compassion.com

Help a Child — Sponsor a Student!

The fruit of this program is being realized as several students from Corinto and area will be graduating High School this year! This may not sound significant but it is. It is not a certain thing for a child to enroll and then stay in school. In El Salvador less than half of kids go to pre-school education, most go to primary school and only 55% attend secondary school. Of these, only 62% make it to graduation, even less go on to University. Your sponsorship of \$60/year helps pay for fees/uniforms and supplies. These families stay connected to the church and programs and are accepting the Lord. We see life changing decisions being made. **You are making a**

difference for the kingdom and the lives of these students. Please continue your support and/or prayerfully consider starting to support a student. Thank-you from all the students. God is saving lives, changing families and empowering communities!

WHO’S WHO?

Juan and Maria Sanchez are local pastors who have been ministering in the Corinto area for 7 years. An ex-alcoholic with an amazing 33 incarcerations prior to Christ, Juan is proof that God not only restores life but gives a whole new identity. God also gives purpose to life. Juan (61) and Maria (76) have been actively involved in ministry for more that 20 years. Juan leads our new church plant work in the community of **Corinto-Hacienda**. The work includes approx. 60 adults and youth and a whole bunch of kids. We hope to see a new Compassion International project started in our developing facilities next year. What an example of how God can use a mature couple who still want to actively participate and contribute to Gods Kingdom! It is a challenge to keep up with these two as they live a *Full-Throttle* life. They hand farm just under a hectare of land, are raising 2 abandoned boys (now teenagers), and are fully involved in all aspects of the local church life and compassion projects. Please pray from them.
